For the salad:

2 mini cucumbers
1 small melon (e.g.

200 g feta
2 red sweet pointed
peppers
2 tbsp olive oil
2.5 tbsp white wine vinegar
2.5 tbsp [Kikkoman Naturally
Brewed Soy Sauce](#)
1.5 tsp honey
Freshly ground pepper

PREPARATION

Step 1

Pat the steaks dry. To prepare the marinade, mix all the marinade ingredients together and brush over the steaks. Place in the fridge for at least 2 hours.

Step 2

For the basting sauce, peel the shallot and garlic and blend until smooth with the whisky, orange juice and soy sauce. Season with pepper to taste and place in the fridge until needed.

Step 3

To prepare the salad, wash the cucumber and slice finely. Halve the melon, remove the seeds and dice the flesh. Crumble the feta. Halve the peppers, removing the seeds and core. Wash and cut into rings.

Step 4

To prepare the dressing, use a blender to blend 1–2 tablespoons of cubed melon, the olive oil, vinegar, soy sauce and honey together. Season with pepper. Add the dressing to the salad and toss.

Step 5

To prepare the soy sauce & herb butter, peel and finely chop the garlic. Wash the basil, pat dry and remove the leaves. Cut the leaves into thin strips.

For the soy sauce & herb butter:

1 garlic clove
2 stems of basil leaves
250 g softened butter
3.5 tbsp Kikkoman Naturally
Brewed Soy Sauce
3 tbsp grated Parmesan
1 tbsp maple syrup
Lemon pepper or black
pepper

Mix the garlic, basil, soy sauce, Parmesan and maple syrup with the butter and season with pepper.

Step 6

Place the steaks on the barbecue (closing the lid, if your barbecue has one). Cook for as long as desired (see tip), basting the steaks with the whisky and orange sauce. Serve with the soy sauce & herb butter alongside the salad.
